THE DEVELOPMENT

AN ESTABLISHED SETTING. SPACE TO SETTLE IN.

Mature tropical gardens and a spacious layout give Casares Golf Gardens its distinctive character. The apartments offer generous interiors and large terraces, with substantial private gardens available in some ground-floor homes.

EVERYDAY LIFE

Residents enjoy two large communal pools, including a saltwater pool, a separate children's pool, a gym and padel court. A private spa includes a jacuzzi, sauna, steam room and showers.

HOMES & SURROUNDINGS

YOUR HOME, YOUR OUTDOOR SPACE, YOUR CORNER OF THE COAST.

Large terraces and, in some homes, private gardens create space for outdoor meals and relaxed afternoons. Underground parking and storage add everyday practicality.

Beside Casares Costa Golf and close to Finca Cortesín, the development is well placed for the beaches, towns and amenities of the coast between Estepona and La Duquesa.
